

Petition to the City of Portland to Create an Area Parking Permit District for Certain Streets in Sullivan's Gulch

I am a resident living on one of streets shown on the map below that would be included in the proposed Area Parking Permit district.

I understand that in order to park a vehicle on-street in this zone longer than 2 hours on weekdays I would need to purchase an annual permit for my vehicle for \$75/year or a weekday guest permit for \$15 for 10 one-day permits. The restriction would be enforced between 7am and 6 pm on weekdays only. Vehicles can be parked in driveways or on street overnight or anytime on weekends without a permit.

My Vote Yes, No, Don't Care	Your Name	Address

Please sign and return this petition even if you have no opinion about creating this Area Parking Permit district. The Portland Bureau of Transportation, which oversees the Area Parking Permit district implementation process, requires that we get responses from at least 60% of the residents of the streets included in the zone.

***Return this petition by March 12, 2019 to either
1808 NE Wasco St. or 1905 NE Clackamas St.***
